

PPG meeting notes

8th March 2018

Venue: Pavilion Medical Centre

Present: AK, HBH, NC, DS, PGa, JM, PC, JA

Apologies: RW, JC, SM

This meeting was held following the Marie Curie Coffee morning which had a very successful turnout.

We managed to raise £221.50 for the charity.

This was also an opportunity to try to recruit new patients to join the PPG group.

Pavilion Medical Centre is currently part of a joint PPG alongside Hetherington Group Practice but feel it time that the group separate and be independent, there will be a lead GP and staff member at each meeting.

We managed to recruit a possible 5 new members of which one has agreed to be the group administrator.

Discussion was around the objectives and purpose of PPG.

We will meet up in April /May to discuss and formalise the group with one of the partners present who currently chairs the joint group.
